

**Features**

**Snap-on, Tool-Free Mounting** designed for ease-of-use and rapid deployment.

**UL-94 V0 compliant** flame retardant ABS plastic that meets the most demanding requirement.

**Patented Snappable Design** offers greater flexibility when applying on different sizes of RU height.

**Scratch Resistance Textured Surface** that offers both aesthetic appearance and industrial durability.

**Recyclable Lightweight Plastic** that is both durable and environmentally friendly.

## The Simple & Elegant Blanking Panel for Your Data Centre

EZIBLANK® 6-RU Blanking Panel is a well received innovative Australian data centre product that is made of the highest quality of flame retardant (UL94 V0) ABS plastic. Moulded with precisely engineered clips, EZIBLANK® Blanking Panel can be installed easily onto square mounting holes of any EIA-310-D compliant 19" server rack to prevent recirculation of hot exhaust air within server racks.

The snappable feature of the EZIBLANK® 6-RU Blanking Panels makes it the perfect server rack accessory for data centre operators where separated panels can be installed and reused onto different RU heights of unused space.
